The water is a deep blue, and the surrounding land is covered in dense green forest. ## Flight Check in Information

### Traveling from Anchorage on ACE Air

If your invoice indicates that you will be traveling on ACE (designated by “ACE Flight”), you will be flying on a charter that we have arranged for you, operated by Alaska Central Express (ACE).

Your flight will depart from the North terminal of the Ted Stevens Anchorage International Airport. You will check in at the ACE counter located in North terminal (there will be an ACE sign at the appropriate counter). Directions to the North Terminal of the airport are available via Google Maps by searching for “North Terminal – Ted Stevens International Airport.”

Your check in time is **one hour** prior to the departure time listed on your invoice. The local telephone number for ACE is **(907) 334-5100**.

The flight from Anchorage to King Salmon is approximately 1 hour and 20 minutes. Please note, the plane you will be traveling on **does not have a restroom on board**, so you may want to rethink that extra cup of coffee!

In King Salmon, you will be taken by shuttle from the airport to the Katmai Air office on the Naknek River, where you will transfer to a float plane for the 25-minute flight to Brooks Lodge. Your plane will land on Naknek Lake, the third largest lake in Alaska; the lake is tinted with the remarkable aquamarine color as a result of volcanic ash and glacial particles suspended in the water.

Upon arrival at Brooks Lodge, you will be directed to the Park Service Visitors Center to receive a brief orientation talk presented by one of the friendly National Park Service Rangers. If the Brooks Lodge employees on the beach do not have your return flight time, please check with the Brooks Lodge office to find out your check in time for your return flight. You are then free to make your way to the bear viewing platforms.

Please note that flight times via third party air carriers are subject to change and are out of Katmai Air’s control. We will do our best to inform you of any flight changes that may occur.

### Baggage

Up to 50 pounds of baggage is allowed per person (soft-sided bags are preferred). This **includes the weight of carry-on bags**. Once arriving in King Salmon, the flight crew will load your carry-on baggage onto the float plane. There is no under seat or overhead

storage on our float planes. You may take on board only what you can hold in your hand during flight (a camera, water bottle, etc.).

If space is available, any additional baggage is subject to excess baggage fees.

However, **any baggage over 50 pounds is not guaranteed to travel** and may need to be left behind.
